

Dear Stafford,

Phil & I had a good rental experience with your Company last week. You were very professional & made our boating experience enjoyable. The big Paramount boat has lots of storage, high freeboards, easy steering & throttle controls, & it rode waves smoothly. You spent a lot of time explaining the boat to us. The map was very helpful; it made it easy to visit different islands, kept us from shallow water & helped us catch some fish. Thanks for all the tips, especially the impact spots. We stayed clear of them. It was convenient to be able to dock at your Boat Harbour store when going into Marsh Harbour. The guys there were pleasant. The off-season discount was very attractive.

When the starter went out on the motor, you had a new part there quickly, installed it at the Paradise house dock & had the boat operational within an hour or so. That was fast service. Our group was very impressed & appreciative.

You & Sea Horse are good for visitors to the Abacos. Tourists need professionals to take the time & explain the boat & waters. I hope business is good for you & Sea Horse Rentals. We'll be glad to recommend you when we get a chance.

David,
Montgomery, Alabama.
